## TODAY'S NEWS

### **FLORIDA SKIN CENTER OFFERS PLASTIC SURGERY PROCEDURES**

Florida Skin Center is now offering plastic surgery procedures out of its 13691 Metropolis Ave. office in Fort Myers in conjunction with board-certified plastic surgeon Dr. Andrea P. Basile. Basile performs breast surgery, body sculpting and facial surgery. The founder and medical director of BASILE Plastic Surgery, Basile dedicates his Naples-based practice to surgical and noninvasive approaches to beauty enhancement. He graduated cum laude from Tufts University in Massachusetts, holds a medical degree from Georgetown University School of Medicine, and had his general surgery internship and residency at Harvard University's former New England Deaconess Hospital. He also received training from Massachusetts General Hospital and served as assistant professor of plastic surgery at Boston University School of Medicine and attending surgeon at the Boston Medical Center. Basile completed his residency training in plastic surgery at Georgetown University before working as a visiting fellow in aesthetic surgery in Rio de Janeiro, Brazil, and he is fluent in Italian and French.
