"The summer season is upon us, and it is more important than ever for children to be protected from UVA and UVB rays without their families having the added burden of insurance costs and copays," said Anais Aurora Badia, M.D., D.O., a board-certified pediatric and adult dermatologist, founder of Florida Skin Center, and the 2017 Distinguished Entrepreneur of Southwest Florida. "It is my pleasure to provide this service as the only board-certified pediatric dermatologist within 100 miles of the Lehigh Acres office."
